We go beyond the ordinary and have been for over 125 years

Our **Pet Health Club** is beyond the ordinary, too! We offer our members unlimited vet and nurse visits throughout the year as standard. We love our patients, and we believe in giving them the right care, in the right way and at the right time. We feel that the best way to do this is to empower you to bring them in to see us, or chat to us via a video consult, whenever you have a concern about their wellbeing.

The **Pet Health Club** includes everything from checkups to vaccinations, nail clips to worm control – a caring and comprehensive package for your cats, from their kitten years to the prime of their life.

When your cat turns eight they'll join our senior club, which includes annual blood and urine tests as well as a blood pressure check, because identifying underlying health conditions at an early stage results in better outcomes.

“Having dealt with Pennard Vets for over 30 years, I have had first class service for a variety of animals. The Pet Health Club is a great advantage in spreading the cost and gives excellent cover.”

Anne-Marie with Declan, Borough Green
