# We go beyond the ordinary and have been for over 125 years

Our **Pet Health Club** is beyond the ordinary, too! We offer our members unlimited vet and nurse visits throughout the year as standard. We love our patients, and we believe in giving them the right care, in the right way and at the right time. We feel that the best way to do this is to empower you to bring them in to see us, or chat to us via a video consult, whenever you have a concern about their wellbeing.

The **Pet Health Club** includes everything from checkups to vaccinations\*, microchips to protection from parasites – a caring and comprehensive package for your small furries, from when they're all ears to long in the tooth.

\*As advised by your vet for rabbits and ferrets
